

# Septic & Well Secrets

Own a septic system or well?

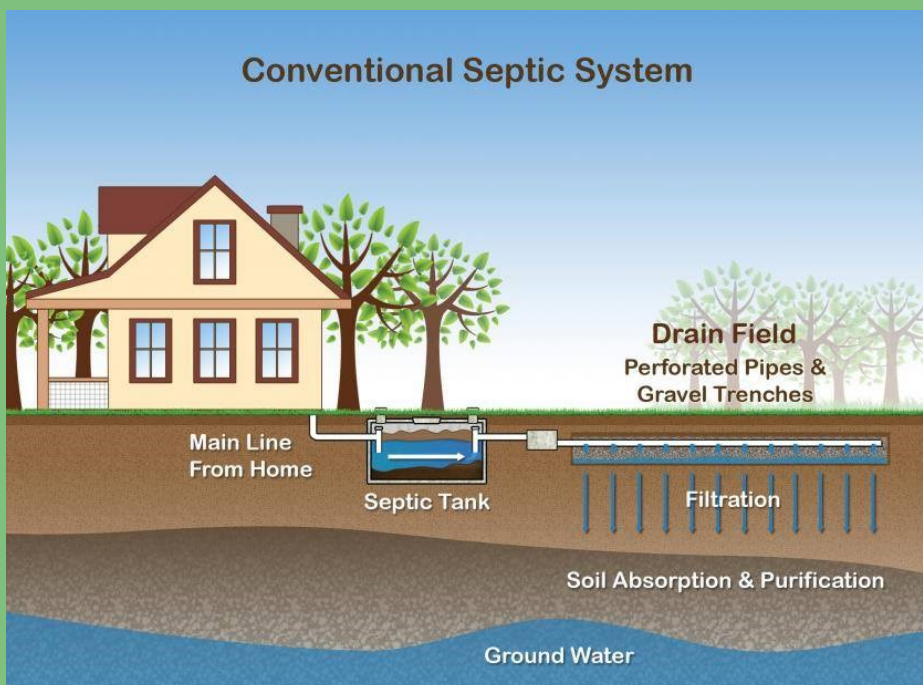

Know how it works?

Did it freeze last winter?

What types of soap, lotion and other products can harm the system?

Is your well water safe to drink?

How can you save \$2000 to \$10,000 in repairs?

## FREE CLASS

**Nov. 15<sup>th</sup>, 2018**

**6pm to 8pm**

Waconia Middle School  
1400 Community Dr. in  
Waconia, MN  
Room D110.

Learn the answers and more. University of Minnesota staff will discuss how these systems work, maintenance issues, how to protect your septic systems and drinking water sources.
